

Standalone Document Scanning Kiosk Optimize Your Scanning Workflow with eScan

- eScan for Hospitals, Clinics and Medical Labs

HIPAA-compliant, providing fast, secure and convenient scanning of paper documents and ID cards.

- eScan for Car Dealers, Retail, Banks and Title Companies

Quickly scan sales and loan documents of various weights and lengths (up to 37") without a PC. Ideal for sending copies of documents to multiple offices, such as car dealers, insurance agents, title companies and more.

- eScan for Offices with Document Management Systems

Scans paper documents and plastic cards directly to your existing DMS via an intuitive touch-screen. Connectors for several DMS solutions are available.

- Fax Replacement

Faster, better image quality and more secure than fax machine.

Standalone Network Scanner with Intuitive Touch Screen

No matter what industry you work in, the eScan easily fits into your workflow!

Plustek eScan

Scan → Edit → Save → Job Button

- Self-guided GUI
- Built-in Ethernet and Wi-Fi connects instantly via intuitive touch screen
- Scan documents to Cloud (Dropbox, Google Drive, Evernote, Box)
- Scan to FTP/SFTP, Shared Folders (SMB), Azure, Email, or USB
- Easy scan to PC or Mac through client app, no IT support needed
- Quickly create job buttons for repeated tasks

Plustek eScan SharePoint

- The Plustek eScan optimizes your SharePoint document management by letting you add your metadata directly to the scanned document before saving it into the library.
- Individual logins with custom presets make the scanning process more efficient.
- The eScan offers a full-color, intuitive interface that makes Microsoft Office365 and SharePoint accessible to everyone without extensive training.

Buyers Lab award winner: "The Plustek eScan SharePoint is a must-have scanner for environments where paper documents intersect with workflows in SharePoint or Office365."

Highlights

- Customizable one-touch job buttons
- Fast duplex scanning, scans PDF, JPG or TIFF
- Rigid card and multiple paper weight scanning
- Scan directly to PCs and Macs without complicated network configurations
- Built-in image enhancement, cropping and blank page removal
- Attach USB keyboard or barcode reader for convenient credential login and file naming
- Includes ABBYY FineReader OCR for creating searchable PDFs
- Works with TWAIN applications
