IMAGE FILING SOLUTIONS

DESIGNED FOR TIGHT BUDGETS AND LIMITED WORKSPACES

Whether you're running a small business or managing distributed imaging applications, you need to trim the fat in technology investments. The Canon DR-2050SP and DR-2050C Color Scanners suit both tight budgets and tight spaces.

DR-2050SP

COLOR DESKTOP SCANNERS THAT CAN HANDLE IT ALL

Don't let the small footprints of the DR-2050SP/2050C models fool you. They offer high-quality image output, with resolutions of up to 600 dpi* for all your 24-bit color, grayscale, and black-and-white scanning needs. With scanning speeds of up to 20 pages or 40 images per minute,** these two scanners are built to provide incredible throughput for high-performance duplex scanning.

The **DR-2050SP** scanner is an enhancement model of the Canon DR-2050C Color Scanner, offering Presentation Mode for direct connection to any standard projector, without the use of a PC.

The **DR-2050C** scanner's superior speed and exceptional value are just the beginning of what makes this award-winning Canon scanner a leader in its class.

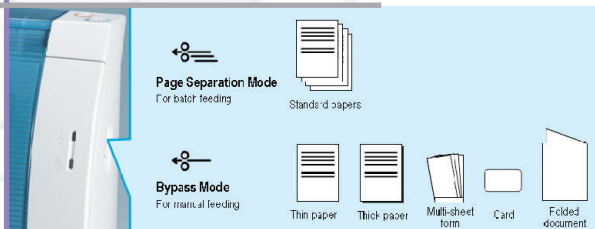

MAKING IT EASIER TO CONVERT VITAL DOCUMENTS

Productivity enhancement features truly set the Canon DR-2050SP/2050C models apart from other workgroup scanners. Among these are up to 100 user-preference profiles, a variety of user-friendly image processing functions such as front and back Color Dropout, and Text Enhancement to help consistently capture document data with accuracy and simplicity. As intelligent document scanners, these Canon devices offer automatic image cleanup capabilities for removing blank pages, borders, and document skew correction. All together, these features—and many more—help make the DR-2050SP and DR-2050C Color Scanners valuable additions to any workplace.

RELIABILITY COMES STANDARD

The DR-2050SP/2050C Color Scanners incorporate Canon's renowned, high-precision roller system to help deliver smooth, jam-free feeding. Whether scanning single-page documents or multiple sheets of mixed document sizes and thickness, these Canon scanners offer uninterrupted performance with one of the most reliable feeding systems in their category. They even handle multipart forms with a simple flip of the Bypass Switch for convenient, non-separation feeding.

ADD HIGH PERFORMANCE AND PRODUCTIVITY TO YOUR BUSY OFFICE

Leave it to Canon to provide your office with innovative technology at an affordable price. The **DR-2050C** model gives you fast, high-performance duplex scanning in a compact, sleek package. The **DR-2050SP** model adds to this package by enabling you to instantaneously present scanned documents via any standard projector, without the need of a PC. Not only will you enjoy the built-in, easy operation of these two scanners, but you'll quickly discover that the payoff is time and money well spent.

MORE THAN A SCANNER, IT'S A DOCUMENT IMAGING SYSTEM

Bundled with CapturePerfect® 3.0, Adobe® Acrobat® Standard, and OmniPage® SE 4, the DR-2050SP and DR-2050C devices become more than just scanners. They offer scanning options such as save, print, and e-mail-scanned images with one-click simplicity plus built-in OCR capabilities to make it easier to create searchable PDF files. Bundled with this latest document imaging software package, you'll find that the DR-2050SP and DR-2050C scanners are small investments worth making.

Reliable and Fast Document Capture

SCAN-TO-PROJECTOR— WITHOUT A PC

Connect the DR-2050SP scanner directly to any standard data projector for use as a multi-input presentation tool. Ideal for quick and easy sharing of information, it scans hard-copy documents for immediate display—without the use of a PC. Share information by displaying images directly from a USB flash drive or infrared-equipped mobile device. The remote control allows for effortless access to all menu functions, including zoom,

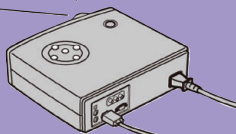

image rotation, next, and previous image. The DR-2050SP scanner automatically adjusts itself to the projector's level of resolution, up to SXGA (1280 x 1024). And images are scanned in 24-bit color, delivering high quality that's clear from edge to edge. This scanner is a powerful, ultra-compact scanning device that's capable of sharing information with just one push of a button.
