

TEST THE BEST PROGRAM

As a leading manufacturer of document scanners, we are now offering you the ability to test drive a Panasonic scanner before you buy it.

Panasonic knows you will not be disappointed with our robust and highly reliable document scanners, which is why we are giving you the ability to try it before you are invoiced. If you are unhappy with our product, for any reason, Panasonic will gladly take your unit back. If you like it, after the evaluation period has ended, keep the equipment and you will receive an invoice.

HOW TEST THE BEST WORKS:

1. Contact Panasonic's sales department for initial product consultation and program eligibility at: **877.207.0035** or **documentmanagement@us.panasonic.com**. Our team of trained professionals will evaluate and determine which scanner will best meet your business' needs.
2. Panasonic will then work with a local, authorized, value added reseller to provide an initial price quote.
3. If you accept the price quote, simply provide the reseller a purchase order number for the desired model.
4. The reseller will order and ship you a brand new Panasonic scanner for use in your office.
5. Once the trial period has ended, your assigned Panasonic reseller will invoice you for the unit*.

*Unless a request to return the unit during the trial period is requested.

Terms & Conditions

1. Request for returns must be made within 30 days of receiving the scanner. No exceptions will be made after the trial period. It is the customer's responsibility to request a return authorization on a timely basis.
2. Panasonic does not accept direct orders or payments. Ordering and invoicing of a "Test the Best" scanner will be done through a Panasonic authorized reseller.
3. Eligibility for "Test the Best" program must be determined and approved by Panasonic.
4. Panasonic reserves the right to modify, change or cancel this program at any time without prior written notice.
