Portable USB powered scanner with document management and scan to cloud!

Product Overview:

Product Overview:

Designed with the reliability demanded by business users, and a price point attractive to home users, the USB powered MobileOffice S410 scanner will convert paper documents, rigid embossed cards, expense reports, business cards and more to searchable PDF with the touch of a button at a FAST 6 page per minute scan speed!

The MobileOffice S410 can scan documents to Evernote and photos to Google Picasa by simply pressing a button! The included software document management and Optical Character Recognition software suite allows you to easily scan and manage your documents. DocAction single touch scanning and industry standard TWAIN drivers ensure compatibility with thousands of scanning and imaging programs including: document management, healthcare ERM, financial, and thousands of other image enabled applications. These features make the MobileOffice S410 a powerful document management solution to meet any requirement.

The MobileOffice S410 also features advanced image processing that allows you to scan mixed sized documents with no adjustments. Images are automatically straightened, rotated and adjusted for exposure. The result is more accurate Optical Character Recognition (OCR) and fewer pages that need to be rescanned.

Step up features from the MobileOffice S400: faster 6ppm scan speed, embossed card scanning, higher daily duty cycle rating.
