2018 BLI BUYERS LAB OUTSTANDING ACHIEVEMENT

One Drive   SharePoint   Outlook.com   OneNote   Exchange   Azure   Shared Folder

Scan documents directly into Office365 and SharePoint, all without a PC

Dedicated and Customizable Document Scanning Kiosk

The Plustek eScan optimizes your SharePoint document management by letting you check in your document with your metadata directly to the scanned document before saving it into the library. The individual login with custom presets makes the paper works more secure and efficiently.

The eScan offers a full-color, intuitive interface that makes Microsoft Office365 and SharePoint accessible to everyone without extensive training. No matter what industry you work in, the eScan document-scanning kiosk can be easily integrated into your workflow.

- Customized individual account settings for required or repeated tasks
- Barcode recognition for automatic document separation and file naming
- Scan and check in documents directly to designated library or add folders as you go
- Scan to Office 365, watched folders or other document management system
