# DR-7080C

## A Winning Combination

With the DR-7080C scanner, Canon leverages the industry-leading technologies of both its award-winning imageRUNNER® and DR-Series Scanner product lines.

This combination flatbed/sheetfed color production scanner provides a high-speed scanning solution, with the capability of scanning hard-to-handle documents. Unlike other scanners, operation is equally convenient whether using the 100-sheet ADF or by scanning from the platen. The flatbed allows you to position books or bound documents for easy scanning. And it's ideal for fragile or worn-out pages too delicate to pass through the feeder. The convenience and efficiency gained from having such a well-engineered design is immeasurable.

## Good News for Production Environments

Meeting production-level scanning needs, the DR-7080C scanner maintains speeds of up to 70 pages per minute,\* whether scanning in full-color, grayscale, or black-and-white modes, and the DR-7080C scanner handles large volumes of paper, such as forms, insurance claims, contracts, and transportation/delivery records with ease and precision. With a duty-cycle rated for up to 6,000 scans per day, the Canon DR-7080C scanner offers durability and reliability for minimum downtime.

The Canon DR-7080C scanner won't compromise image quality for performance. With an optical resolution of 600 dpi, 24-bit color depth, and 256 levels of grayscale, the DR-7080C scanner delivers finely detailed images and picture-perfect scans consistently, across a full range of document applications.

Built on the proven document-feeding and scanning technologies of the Canon imageRUNNER and DR-Series product lines

### Designed for Convenience and Efficiency

Canon has built the DR-7080C scanner using its familiar imageRUNNER copier design and Automatic Document Feeding system for exceptional ease-of-use and proven reliability. No manual presorting is required, as the scanner automatically detects the length and width of each document in a mixed batch, regardless of size, up to 11" x 17". Even documents up to 39" in length can be processed in the Long Document Mode.

The DR-7080C scanner offers an easy-to-use control panel that helps ensure effortless operation, even for walk-up users. Scan-to-Job functions for the panel can be programmed to support direct, one-touch scanning to e-mail, file folders, printers, and up to 99 customized predefined jobs.

### Achieve Optimum Throughput with Seamless Integration

Optimum throughput is possible only when everything works together seamlessly. That's why the DR-7080C scanner includes Hi-Speed USB 2.0 and SCSI-III interfaces, for easy installation and high-speed connectivity with the bundled ISIS® and TWAIN drivers. Fast multiplatform

compatibility gives you access to a wide variety of scanning applications and software solutions to better handle heavy throughput demands.

Bundled with CapturePerfect® 3.0 software, the DR-7080C scanner provides a choice of output formats and capabilities, including password-protected and searchable PDF creation as well as full MultiStream™ support. MultiStream technology enables the DR-7080C scanner to simultaneously output two images from a single scan in a variety of combinations—such as full-color for archiving and RGB color dropout for forms processing—resulting in the ability to capture images for multiple applications at high speed. Other productivity-boosting features include Automatic Paper Size Detection, Skew Correction, Text Orientation Recognition, and Batch Separation options.

\* Examples based on typical settings, rated in pages per minute with letter-sized documents, landscape feeding direction, at 200 dpi. Actual processing speeds may vary based on PC performance and application software.

## Specifications

<b>Type:</b>	Universal Flatbed with ADF	
<b>Item Number:</b>	9150A002	
<b>Document Feeding:</b>	Automatic/Flatbed	
<b>Document Size</b>		
Flatbed:	Maximum 12" x 17"	
ADF (Width):	5.5" - 12"	
ADF (Length):	5" - 17" (Long Doc. Mode: 17" - 24.8" Max., 21.3" @ 600 dpi)	
<b>Paper Weight:</b>	13 to 32 lb. Bond	
<b>Feeder Capacity:</b>	100 Sheets	
<b>Grayscale:</b>	8-Bit, 256 Levels	
<b>Color:</b>	24-Bit	
<b>Scanning Element:</b>	3-Line CCD	
<b>Light Source:</b>	Xenon Lamp	
<b>Scanning Modes:</b>	Simplex, Duplex, Color, Grayscale, Black and White, Advanced Text Enhancement, Error Diffusion	
<b>Dropout Color:</b>	RGB	
<b>Optical Resolution:</b>	600 dpi	
<b>Output Resolution:</b>	100/150/200/240/300/400/600 dpi	
<b>Scanning Speeds:*</b>		
<b>(LTR Landscape @ 200 dpi)</b>	Simplex	Duplex
Black and White:	70 ppm	36 ipm
Grayscale:	70 ppm	36 ipm
Color:	70 ppm	36 ipm

<b>Interface:</b>	Hi-Speed USB 2.0/SCSI-III
<b>Scanner Drivers:</b>	For Windows® 98/SE/ME/2000/XP/ Windows NT® 4.0
<b>Dimensions (H x W x D):</b>	11.8" x 22.6" x 23.7"
<b>Weight:</b>	Approximately 70.4 lb.
<b>Power Consumption:</b>	Maximum 151W
<b>Daily Duty Cycle:</b>	6,000 Scans

### BUNDLED SOFTWARE

- ISIS/TWAIN Driver
- CapturePerfect 3.0

### OPTIONS

- Exchange Roller Kit (9664A002)

### OTHER FEATURES

- Scan-to-Job Buttons
- Text Orientation Recognition
- Deskew
- Color Dropout

\* Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 200 dpi. Actual processing speeds may vary based on PC performance and application software.
