

Epson Business Solutions Featured in Technology Showcase Tour

Projection Solutions, Business Printers and Document Scanners to be Included in State-of-the-Art Mobile Technology This Fall

August 18, 2016

MEDIA ALERT: Epson/Long Beach, Calif. – Aug 18, 2016

Who: Epson, the number one selling projector brand worldwide, will showcase a range of business solutions in the Technology Showcase Tour (TST), an industry-first tour featuring a fully integrated 36-foot long, state-of-the-art, exhibit trailer showcasing the latest products and solutions from industry-leading manufacturers.

What: Designed to benefit key members within the AV and IT communities, the TST is a revolutionary concept that “drives” technology to those who use it most. The Technology Showcase Tour is designed to benefit key members within the AV and IT communities. Solutions include display technology and digital signage, collaborative solutions, unified communications and more.

The following Epson products will be highlighted during the fall tour:

- **Projection Solutions:** Including large venue projectors such as the Pro G7500U and new Pro L1405U laser projector; BrightLink® Pro with All-In-One Whiteboard collaborative whiteboarding solution; and PowerLite 1985WU, a corporate projection solution offering brilliant high-definition video with native WUXGA, Full HD 1080p support
- **Business Printing:** The WorkForce® Pro WF-5690, a powerful multifunction printer that drives productivity for workgroups, offering up to 50 percent lower printing cost vs. color laser¹, reliable, low-maintenance, high-volume color printing, and easy network administration and security set up
- **Document Scanners:** Sheetfed document scanners including the WorkForce DS-520 and DS-860 deliver fast speeds, high-quality scans and increased productivity for businesses in need of digitized files

When: The Technology Showcase Tour takes place August through October.
