EPSON<sup>®</sup> BUSINESS SOLUTIONS

WHERE THERE'S EDUCATION THERE'S EPSON

## Interactive, Durable and Intuitive

Today's education/learning environments demand solutions that reduce costs, deliver easy-to-use technology and encourage participation and collaboration. From the administrative office to the classroom, you can drive your schools and universities forward with high-performance technology solutions — all from an industry leader.

At Epson, we have 40 years of experience delivering smart, intuitive technology to help you engage students in a rapidly-changing learning environment. We understand budgets can be tight, so we make solutions accessible with special pricing for educational institutions.

### The Tools Teachers Need

Advanced technology that's versatile, mobile and user-friendly frees up teachers and staff so they can focus on their students.

### Budget-friendly Solutions

Products that offer outstanding value, easy integration and solid reliability help schools achieve a better bottom line.

### Reliability You Can Count On

Partner with Epson and get innovative technology solutions backed by world-class service and support.

### Environmental Commitment

With a strong commitment to the environment, we create products that are reliable, recyclable and energy efficient.

K-12

Higher Ed

1

**BrightLink® interactive projectors**

Engage students through interactive learning and encourage student collaboration. BrightLink makes it easy for both students and teachers to share and edit content or contribute to lessons in real time using mobile devices.

2

**Document cameras**

Display books, documents and 3D objects to create a more interactive student experience.

3

**Classroom projectors**

Enhance lessons with bright, budget-friendly projectors that feature quick, easy setup tools.

4

**Document and photo scanners**

Scan documents and send them to the cloud for easy access. Get high-resolution scans of photos and prints for sharing student projects.

5

**WorkForce® Pro printers**

Our award-winning WorkForce Pro Series workgroup printers are fast and affordable, providing high-quality results.

6

**SureColor® T-Series printers**

Instantly print stunning signage and posters for sporting events and after-school activities, at a fraction of the cost of outsourcing print jobs.

7

**Moverio® BT-300**

Change the learning experience with augmented reality glasses. These binocular, transparent smart glasses open up a whole new world in education with a front-facing camera and motion tracker, delivering large 2D or 3D images, front and center.

8

**Large-venue projectors**

Powerful, commercial-quality projectors that deliver up to 12,000 lumens ensure incredibly bright, clear images for gymnasiums, auditoriums and lecture halls.

9

**Next-generation customer service solutions**

OmniLink® smart POS products deliver cost-effective, mobile-friendly technologies that give you more flexibility to improve the customer experience in the student bookstore, campus cafeteria and more.

# Why Epson

Successful organizations know that smart investments in technology deliver real results. Epson is a leading provider of technology solutions for document management, collaboration, customer transactions and commercial printing. We stand apart from the competition because of our leading-edge technologies that deliver powerful productivity, outstanding results and cost-effective solutions.

## Our partners choose Epson because of our commitment to:

- Solutions that deliver performance
- Leading-edge research and development
- Value and world-class service and support
- Sustainable manufacturing practices

## The Tools Teachers Need

**Performance printing** – Award-winning WorkForce Pro printers are fast and economical, providing high-quality results for teachers and students with less downtime.

**Low intervention** – WorkForce Pro printers with the Replaceable Ink Pack System print up to 50,000 pages without having to change the ink<sup>1</sup>.

**Convenient collaboration** – BrightLink Pro transforms walls, tables and more into interactive displays that combine the benefits of whiteboards, flipcharts and displays into one.

## Budget-friendly Solutions

**Future-proof POS** – Support your legacy POS investment with OmniLink POS solutions that enable printing from any mobile device.

**Tracking costs** – Save big with in-house printing of signage and posters. Track costs with the Accounting Tool on the SureColor T-Series printer.

**Cost savings** – Epson POS receipt printers offer best-in-class reliability, energy efficiency and paper-saving features that reduce paper usage by up to 30 percent.

## Reliability You Can Count On

**We understand education** – Epson partners with you, delivering industry-specific knowledge that helps you keep costs down and student satisfaction high.

**Products designed with education in mind** – Epson's ongoing investment in new technology delivers printer and projector solutions that are hard at work in classrooms and higher-learning institutions around the world.

**Proven performance** – Epson projectors have over 20 years of road-tested reliability.

## Environmental Commitment

**Energy savings** – The WorkForce Pro WF-R5690 printer requires no warmup time, unlike lasers, and uses up to 70 percent less power than comparable lasers<sup>2</sup>.

**Greater control** – Our 3LCD projectors feature an ECO Mode, which reduces lamp wattage, and a scheduling function to turn the projector off, remotely, at a predetermined time.

**ENERGY STAR® qualified** – The Epson TM-T88 Series features the world's first ENERGY STAR qualified POS thermal receipt printers.

- 1 Ink pack yields are estimated based on ISO/IEC 24711 test in Default Mode printing continuously. Ink pack yields vary considerably for reasons including printed images, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included ink packs is used for printer startup and a variable amount of ink remains in the ink pack after the "replace ink pack" signal. For details, see [www.epson.com/cartridgeinfo](http://www.epson.com/cartridgeinfo)
- 2 Compared to best-selling color single and multifunction laser printers priced at \$699 (USD) or less as of December 2013. Actual power savings will vary by product model and usage.
