## GVA Advantis Selects BB&T and the Panini My Vision X<sup>®</sup> for Remote Deposit Capture

### Challenge

GVA Advantis, a property management company in Norfolk, Virginia, receives several hundred tenant checks per day. The company was mailing these checks to a BB&T lockbox facility for processing and was looking for a way to improve and simplify the daily deposit process.

"It's important we deposit all checks immediately," states Erinn McDougal, Cash Receipts Supervisor, GVA Advantis.

### Solution

"Once we deployed On-Site Deposit<sup>SM</sup>, our remote deposit capture product, we knew it would be perfect for GVA Advantis," says Jean Voorhis, Product Manager, BB&T. "It would help them get their deposits into the bank much faster and gain better availability on their funds."

"We decided to implement the Panini My Vision X<sup>®</sup> with BB&T's On-Site Deposit solution," notes McDougal. "It was up and running within two weeks."

## Result

“There is a BB&T branch right up the street, but it is much more convenient to have On-Site Deposit and the Panini My Vision X in our office so when a check comes in we can deposit it right away,” McDougal explains.

Because GVA Advantis manages many properties, they have multiple bank accounts linked to the On-Site Deposit service. “It’s very easy to access the multiple accounts as well as add new accounts when needed,” Erinn adds.

“Panini has check scanners that meet virtually every company’s deposit volume - from the very small client to the very large client,” notes Voorhis. “We can match the scanner size to the company size and give them a very cost effective solution.”

“What I like most about the My Vision X is that we can process several checks at once instead of one check at a time,” adds McDougal.

“The Panini My Vision X has really allowed BB&T to deliver the perfect, personalized solution to GVA Advantis,” Jean explains.

“I would definitely recommend BB&T’s On-Site Deposit and the Panini My Vision X to other companies,” states Erinn McDougal.
